

The Honeybee Discovery Center is a 501(c)3 nonprofit organization with a mission to advance the public's understanding of honeybees and to create and promote a culture of bee awareness.

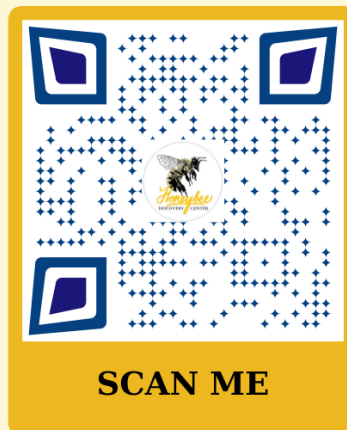

Did you know honeybees are...

- Essential to our agriculture and pollinate one third of the food we eat.
- Vital for the preservation of ecological balance and biodiversity in nature.
- The only insects that produce a food that is consumed by humans.
- Vanishing at nearly 40% per year.

We are an exhibition gallery and learning center about honeybees and other pollinators. We offer group tours, K-12 fieldtrips, and we are open to the public.

**"We need the bees...
and the bees need our help."**

We can make a positive impact by advancing the public's awareness and understanding of honeybees, pollination, and their importance to the environment and our food supply.

- Atrium and outdoor plaza event venues
- Award-winning, sustainable design by HMC Architects and more!

Creating a Culture of Honeybee Awareness

Contribute
TODAY and help us
get one
step closer to our
goal.

YES! I want to help build community awareness about the culture of bees through education by being a part of this unique project.

I am interested in becoming a volunteer!

Donation: Please return this form with your contribution to:

Honeybee Discovery Center, 501 Walker Street, Orland, CA 95963
